

2023 Annual Report

Whether you've been

a generous donor, a volunteer who has given your time and expertise, or a member of our dedicated staff, **thank you** for supporting our mission of expanding access to health care in our community.

This year we received over

\$2,453,421

from

733 donors!

This past year marked an extraordinary milestone

as we celebrated 30 years of providing accessible health care to Fauquier and Rappahannock Counties, ensuring that all community members, regardless of income, have access to the resources they need to be healthy. Over the past three decades, we've had the privilege of serving thousands of patients and, thanks to our generous donors and volunteers, have raised over \$25M. Our goal as we look to the future is to expand our reach and build upon our services so that we may continue to meet the growing demand for accessible health care.

Our Impact

1,959 Unique Patients

10,689 Free Care Visits

Youngest Patient **14 months**

Oldest Patient **94 years**

1,678 Dental Hygienist Visits

283 Women's Care Center Visits

Diabetes & Diet
Teaching Visits **503**

Mental Health
Clinician Visits **1,876**

Patient Story

We have helped hundreds of individuals with their primary health care needs. One patient we are pleased to report on is “Nancy” from Marshall. She has worked with our physicians and our diet coach to lose over 60 pounds in 12 months. We helped her get up-to-date on her cancer screenings, including a mammogram, a PAP smear and a colonoscopy. She knows that she still has work to do to reach her goals and that our volunteers and staff will support her on every step of her journey.

Our Timeline

January

Rob and Zoila met with Virginia's elected officials to discuss the clinic's progress and future plans!

February

March

April

Completed construction on our four new dental treatment rooms

May

Hosted 100 golfers at our annual Clubs & Scrubs Golf Tournament

June

Provided blood pressure screenings at Juneteenth festivities on Main Street

Our Timeline

July

Team members attended the Mental Health America Conference in Washington

August

September

Hosted over 200 riders at the Annual Rappahannock Rough Ride

October

Served over 250 patients at Piedmont Smiles: Free Community Dental Day

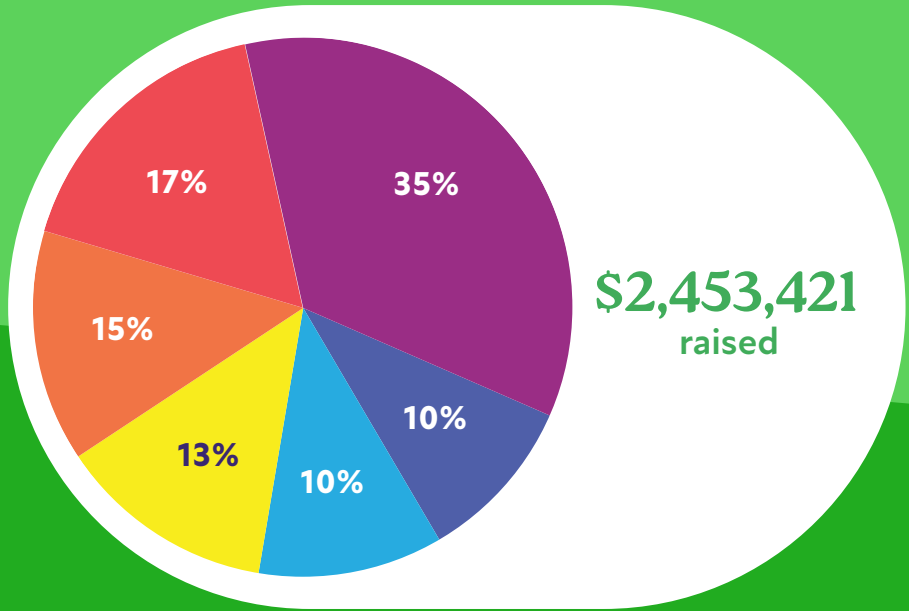

November

December

Reached 375 women seen for annual physicals and wellness visits since the program began

- \$152,431** to administration **6%**
- \$36,445** to building and utility **1%**

Dental Renovations

This year, our dental facilities underwent a significant expansion to meet the growing demand for dental health care among low-income families. We doubled the number of dental treatment rooms from four to eight, and expanded our monthly patient capacity from 300 to 500. This expansion enables us to extend our services even further. Thanks to the generosity of those in our community, the building renovation and acquisition of new equipment have been completely funded. To fully capitalize on this investment and better serve patients, we look to acquire additional dentists, hygienists, oral surgeons, dental assistants and dedicated volunteers in the coming year.

Scan the QR code to take a virtual tour of our newly renovated dental facilities.

Women's Health Care Services

In addition to our dental expansion, the Fauquier Free Clinic saw the addition of Women's Health Care Services. By dedicating one day weekly, our clinic served nearly 300 women in 2023. For many patients, this marked the first time in decades, if not their entire lives, that they've received such vital care. With the help of our staff, volunteers and donors, we plan to expand our services in the coming year so that we may continue to meet this growing need in our community.

Piedmont Smiles

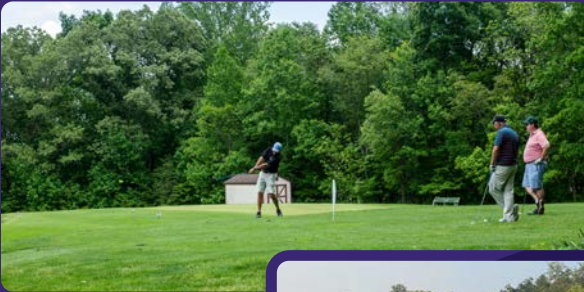

On Saturday, October 7th, the Fauquier High School gym was transformed into a busy hub of compassion and care for the second annual Piedmont Smiles day. This one-day pop-up event, dedicated to providing free dental care to residents in and around Fauquier and Rappahannock Counties, brought together a team of volunteers, local dental and medical professionals and faculty and residents from VCU School of Dentistry and Howard University.

The collaborative efforts of these individuals resulted in providing dental services, from cleanings to root canals, for over 250 patients. The event's success involves temporary infrastructure, including plumbing, advanced x-ray capabilities, air and water services and 36 mobile dental chairs. With the participation of 40 dentists and dental residents and an additional 150 volunteers, Piedmont Smiles stands as a testament to the power of community collaboration and the impact of accessible dental care for the well-being of the community.

Golf Tournament

This year, we celebrated our 25th annual Golf Tournament at the Fauquier Springs Country Club. It was a wonderful day and helped us raise funds that enable us to provide thousands of doctor visits, dentist visits and medicines to local uninsured families who otherwise could not afford health care.

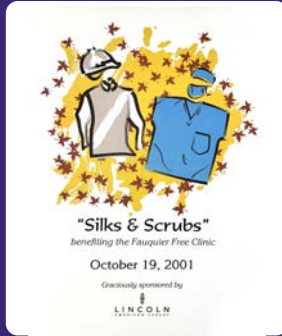

Rappahannock Rough Ride

The 27th Annual Rappahannock Rough Ride unfolded as a thrilling success, bringing together over 200 riders and a dedicated team of volunteers. This annual event always showcases the spirit of community, camaraderie and a shared love for cycling in the beautiful backroads of Rappahannock County.

COMMUNITY HEALTH

Thank You.

We want to express our heartfelt thanks to our community for truly understanding and standing by our mission at the Fauquier Free Clinic. Your unwavering support makes all the difference, allowing us to provide essential medical, dental and mental health care to those who need it most. From our dedicated staff and volunteers to the individuals we serve, we extend our deepest gratitude to each and every one of you.
